

# Supreme 1

# Set-up Instructions

Base opens by pushing the blue buttons on either side.

**1** Open the padded nylon bag, take out the base and the telescopic pole

Extend the bottom half of the telescopic pole and close the snap lock

**3** Insert the pole into the base and pull the graphic panel halfway up. Insert the lip on the cap into the bottom channel of the top extrusion

**4** Extend the top portion of the pole to your desired height and close the snap lock.
